

The World's Fastest 3D Printer Just Got Faster

Introducing the ZPrinter® 310 *Plus*
Faster. Sharper. Smoother.

Z CORPORATION

Introducing the ZPrinter® 310 Plus

- Enhanced version of the original ZPrinter 310 — offering the fastest, most affordable way to produce physical models of 3D CAD designs
- Incorporates technologies previously available only in our premium, high-definition color 3D printers
- Print faster, see crisper details, produce thin-walled parts with ease, and achieve smoother surfaces
- Same affordable low price

The Breakthrough Advantages of the Original ZPrinter® 310

- 5-10x faster than other RP technologies
- Affordable price with the industry's lowest operating cost
- Best-in-class parts
- Easy-to-use, versatile materials, easy, modular servicing
- Build area
 - 203 x 254 x 203 mm (8 x 10 x 8 in.)
- Layer thickness
 - .089 - .203 mm (.0035 -.008 in.)

The Advantages of the ZPrinter[®] 310 ... *Plus* up to 25% Faster

- Up to 25% faster print time
- 5-10x faster than other rapid prototyping technologies
- Shorter total process time

The Advantages of the ZPrinter® 310 ... *Plus 50% Higher Resolution*

- Resolution increased from 300 x 300 dpi to 300 x 450 dpi
- Best-in-class
 - Most detailed parts available
 - Smoother surface finish, particularly bottom-facing
- Improved firmware
 - Enhanced algorithms for better surfaces
 - Finer control of print head motion

The Advantages of the ZPrinter® 310 ... *Plus* Support for Fine Detail

- Print more complex geometries and small features
- New heated build chamber for improved material performance
 - Better feature definition
 - Shorter process time
 - More vibrant single colors

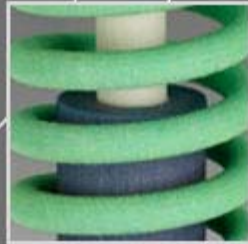

ZPrinter® 310 Plus Price & Availability

- Same affordable low price
- Ships October 2005
- For more info contact your local Z Corporation dealer
